**CENNI STORICI**

Non si può parlare della storia del Pakistan se non a partire dal 14 agosto 1947, data di nascita di questo stato.

Non si potrebbe capire il Pakistan senza analizzare complessivamente la storia della civiltà indiana.

Il Jainismo, spesso erroneamente ritenuto di epoca molto più tarda, da cui provengono la teoria del Karma, della reincarnazione e quella della non- violenza da cui deriva per i jaina il vegetarianismo

Poi, dal 1900 A.C. al 1400 A.C. il buio, fino all'arrivo degli Aarii nell'attuale Punjab e il Gujarat

L'annessione alla Persia nel VI secolo A.C.....  
e l'arrivo di Alessandro.

Il Viceré Lord  
Mountbatten e l'Impero

L'Impero britannico dovette decidere cosa fare. Il conflitto iniziò alla mezzanotte del 14 agosto 1947.

Il Partito del Congresso indiano, guidato dal Mahatma Gandhi, chiedeva la creazione di un grande stato federale che comprendesse tutta l'India, mentre il leader della Lega Musulmana, Muhammad Ali Jinnah, chiedeva che al 30 per cento dei musulmani indiani venisse concessa la creazione di un loro stato indipendente.

**Il turismo in PAKISTAN?**

Intorno al 60% delle terre pakistane consistono in terreni montuosi e altipiani, mentre il rimanente 40% è costituito da distese di pianure. Le creste dell'Himalaya e del Karakorum sono i punti più alti del paese.

Il K2, sul confine cinese nell'Hindu Kush, è la montagna più alta, e lungo l'Himalaya troviamo il Nanga Parbat.

Cinque le montagne più alte del mondo si trovano in Pakistan.
